CHALLENGE

WASHINGTON NATIONAL CATHEDRAL

Sustain What Sustains You

Join the Legacy Challenge **A Matching Gift Campaign for Planned Gifts**

For a limited time, two generous donors are funding a challenge to all Cathedral supporters. These donors have created a pool of \$1,000,000 in available matching funds, which will be used to match new and increased planned gift commitments at 10% of their estimated value, up to \$25,000 per gift.

This opportunity expires when the \$1,000,000 matching funds pool is depleted, or on December 31, 2024, at the conclusion of the Cathedral's current, five-year comprehensive campaign. Don't miss your chance to join this challenge and increase your impact, now and for generations to come.

You'll be securing the Cathedral's long-term health through your planned gift and have an immediate impact through these matching funds! For example, if you document a planned gift with an estimated value of \$70,000, the Cathedral will receive \$70,000 from your estate after your lifetime, plus a matching gift of \$7,000 to be used right away in support of our mission and ministry.

Make a commitment to the Cathedral of the future—and make a difference beginning today.

All participants in the Legacy Challenge will be welcomed as members of the Cathedral Founders Society, an honorary group recognizing friends who are including Washington National Cathedral in their estate plans. Disclosing the estimated value of your planned gift is not required in order to join the Cathedral Founders Society.

It might be called a Legacy “Challenge,” but making your planned gift is easy!

Flexible for Today & Tomorrow

You can provide for the Cathedral through arrangements that first allow you to establish financial security for yourself and your loved ones. You can update your beneficiaries at any time, sometimes it's as easy as completing a simple form.

Gifts included in wills or trusts can be convenient to arrange and may be changed with your life circumstances. A simple amendment or codicil prepared by your attorney is all that is necessary.

You retain control of your assets during your lifetime. Your planned gift costs you nothing now. In many circumstances, the longer timeline enables you to make a substantially larger planned gift than would otherwise be possible as an annual gift.

Provides Support Forever

Planned gifts support the long-term needs of the Cathedral. Unlike annual gifts, which fund ongoing operations, bequests are used by the Cathedral to support longer term capital, endowment and investment needs. These and other endowment and capital gifts secure the excellence of our ministries in perpetuity.

Knowledge of your estimated gift value and designation helps the Cathedral create and maintain a stable financial future. Sharing your intention enables us to better plan to bring you—and generations to come—the programs and offerings you know and love, and new opportunities still to be imagined.

The Cathedral provides inspiration and comfort during the important moments in our lives. Through a planned gift, you can enjoy knowing that your support will sustain these memorable moments for your family, friends and for generations to come.

Is my commitment to the Legacy Challenge legally binding?

No. Gifts included in wills or trusts are popular because they are flexible and may be changed in response to your life circumstances. A simple provision or amendment prepared by your attorney is all that is necessary to update your plans.

Is there a deadline to express my commitment?

Yes. The Legacy Challenge began on September 1, 2023 and will end on December 31, 2024, or when the \$1,000,000 in available matching funds are used up.

Who is providing the matching funds?

The matching funds, which will support the ongoing operations of the Cathedral, are being made available by two long-time volunteer leaders and advisors to Cathedral deans. Together, these two individuals, one an entrepreneur and the other an attorney, and their families, have been involved in the life of the Cathedral for over 50 years.
